

## ENERGY STAR CERTIFIED Audio/Video

### harman/kardon - VIRTUO : VIRTUO

#### Specifications

|                                                                 |                                     |
|-----------------------------------------------------------------|-------------------------------------|
| ENERGY STAR Unique ID:                                          | 2545462                             |
| Brand Name:                                                     | harman/kardon                       |
| Model Name:                                                     | VIRTUO                              |
| Model Number:                                                   | VIRTUO                              |
| Product Type:                                                   | Audio Amplifier - Limited Bandwidth |
| Amplifier Channels:                                             | 2.0                                 |
| Video Player Type:                                              | N/A                                 |
| Tuner Included:                                                 | No                                  |
| Connected Technology:                                           | 802.11 WiFi,Ethernet                |
| Default Auto Power Down (APD) Timing (min.):                    | 10                                  |
| Energy Use (Idle) (Watts):                                      | 5.4                                 |
| Energy Use (Sleep Mode) (Watts):                                | 2.4                                 |
| Is Amplifier Consumer or Commercial?:                           | Consumer                            |
| Amplifier Input Power at 1/8 Maximum Undistorted Power (Watts): | 5.3                                 |
| Amplifier Efficiency %:                                         | 13                                  |
| Date Available On Market:                                       | 2023-06-30                          |
| Markets:                                                        | United States, Canada               |
| ENERGY STAR Certified:                                          | Yes                                 |
