Panasonic - CF-20EP\*\*\*\*\* : CF-20EP\*\*\*\*\*

**Specifications**

|                                                                                                                                                                  |              |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| ENERGY STAR Unique ID:                                                                                                                                           | 2353351      |
| Brand Name:                                                                                                                                                      | Panasonic    |
| Model Name:                                                                                                                                                      | CF-20EP***** |
| Model Number:                                                                                                                                                    | CF-20EP***** |
| Type:                                                                                                                                                            | Slate/Tablet |
| Category 1: Processor Brand:                                                                                                                                     | Intel        |
| Category 1: Processor Name:                                                                                                                                      | Core i5      |
| Category 1: Base Processor Speed Per Core (GHz):                                                                                                                 | 1.2          |
| Category 1: Physical CPU Cores (count):                                                                                                                          | 2            |
| Category 1: System Memory (GB):                                                                                                                                  | 8            |
| Category 1: Default Low-power Mode:                                                                                                                              | Sleep Mode   |
| Category 1: Long Idle Power Used for Sleep Mode:                                                                                                                 | No           |
| Category 1: Off Mode (watts):                                                                                                                                    | 0.4          |
| Category 1: Sleep Mode (watts):                                                                                                                                  | 0.6          |
| Category 1: Long Idle (watts):                                                                                                                                   | 1.8          |
| Category 1: Short Idle (watts):                                                                                                                                  | 3.6          |
| Category 1: Base TEC Allowance (kWh):                                                                                                                            | 8            |
| Category 1: Functional Adder Allowances (kWh):                                                                                                                   | 10.5         |
| Category 1: TEC of Model (kWh):                                                                                                                                  | 13.9         |
| Notebooks, Desktops, Integrated Computers, Slate/Tablets, Two-in-one Notebooks, and Portable All-in-ones Category for TEC (Typical Energy Consumption) Criteria: | 1            |
| Category 1: Operating System Name:                                                                                                                               | Windows 10   |
| Sleep Mode Default Time Upon Shipment (min.):                                                                                                                    | 20           |
| Display Sleep Mode Default Time Upon Shipment (min.):                                                                                                            | 10           |
| Will the Speed of Any Active 1 GB/s or Higher Ethernet Network Links be Reduced to Less Than 1 GB/s When Transitioning to Sleep or Off Mode?:                    | No           |
| Ethernet Capability:                                                                                                                                             | No           |
| Touch Screen:                                                                                                                                                    | Yes          |

|                           |                               |
