## Apple - A2681 : MLXW3

## Specifications

|                                                                                                                                                                  |                  |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| ENERGY STAR Unique ID:                                                                                                                                           | 2397266          |
| Brand Name:                                                                                                                                                      | Apple            |
| Model Name:                                                                                                                                                      | A2681            |
| Model Number:                                                                                                                                                    | MLXW3            |
| Type:                                                                                                                                                            | Notebook         |
| Category 2: Base Processor Speed Per Core (GHz):                                                                                                                 | 3.2              |
| Category 2: Physical CPU Cores (count):                                                                                                                          | 8                |
| Category 2: System Memory (GB):                                                                                                                                  | 8                |
| Category 2: Default Low-power Mode:                                                                                                                              | Sleep Mode       |
| Category 2: Long Idle Power Used for Sleep Mode:                                                                                                                 | No               |
| Category 2: Off Mode (watts):                                                                                                                                    | 0.1              |
| Category 2: Sleep Mode (watts):                                                                                                                                  | 0.3              |
| Category 2: Long Idle (watts):                                                                                                                                   | 0.7              |
| Category 2: Short Idle (watts):                                                                                                                                  | 3.1              |
| Category 2: Base TEC Allowance (kWh):                                                                                                                            | 14               |
| Category 2: Functional Adder Allowances (kWh):                                                                                                                   | 18.6             |
| Category 2: TEC of Model (kWh):                                                                                                                                  | 9.9              |
| Notebooks, Desktops, Integrated Computers, Slate/Tablets, Two-in-one Notebooks, and Portable All-in-ones Category for TEC (Typical Energy Consumption) Criteria: | 2                |
| Category 2: Operating System Name:                                                                                                                               | macOS            |
| Sleep Mode Default Time Upon Shipment (min.):                                                                                                                    | 10               |
| Display Sleep Mode Default Time Upon Shipment (min.):                                                                                                            | 10               |
| WOL (Wake on LAN) From Sleep:                                                                                                                                    | Shipped Disabled |
| Will the Speed of Any Active 1 GB/s or Higher Ethernet Network Links be Reduced to Less Than 1 GB/s When Transitioning to Sleep or Off Mode?:                    | No               |
| Ethernet Capability:                                                                                                                                             | No               |
| Touch Screen:                                                                                                                                                    | No               |
| Date Available On Market:                                                                                                                                        | 2022-06-06       |

|                               |                       |
