## flesip - LT-AMD 01 : LT-AMD 01

## Specifications

|                                                                                                                                                                  |                        |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------|
| ENERGY STAR Unique ID:                                                                                                                                           | 3706627                |
| Brand Name:                                                                                                                                                      | flesip                 |
| Model Name:                                                                                                                                                      | LT-AMD 01              |
| Model Number:                                                                                                                                                    | LT-AMD 01              |
| Type:                                                                                                                                                            | Notebook               |
| Category 2: Processor Brand:                                                                                                                                     | AMD                    |
| Category 2: Processor Name:                                                                                                                                      | AMD Ryzen™ 5 pro 7535U |
| Category 2: Base Processor Speed Per Core (GHz):                                                                                                                 | 2.9                    |
| Category 2: Physical CPU Cores (count):                                                                                                                          | 6                      |
| Category 2: System Memory (GB):                                                                                                                                  | 16                     |
| Category 2: Default Low-power Mode:                                                                                                                              | Sleep Mode             |
| Category 2: Long Idle Power Used for Sleep Mode:                                                                                                                 | No                     |
| Category 2: Off Mode (watts):                                                                                                                                    | 0.4                    |
| Category 2: Sleep Mode (watts):                                                                                                                                  | 0.7                    |
| Category 2: Long Idle (watts):                                                                                                                                   | 2.6                    |
| Category 2: Short Idle (watts):                                                                                                                                  | 4.7                    |
| Category 2: Base TEC Allowance (kWh):                                                                                                                            | 14                     |
| Category 2: Functional Adder Allowances (kWh):                                                                                                                   | 13.1                   |
| Category 2: TEC of Model (kWh):                                                                                                                                  | 17.7                   |
| Notebooks, Desktops, Integrated Computers, Slate/Tablets, Two-in-one Notebooks, and Portable All-in-ones Category for TEC (Typical Energy Consumption) Criteria: | 2                      |
| Category 2: Operating System Name:                                                                                                                               | Windows 11 Pro         |
| Sleep Mode Default Time Upon Shipment (min.):                                                                                                                    | 15                     |
| Display Sleep Mode Default Time Upon Shipment (min.):                                                                                                            | 10                     |
| Ethernet Capability:                                                                                                                                             | No                     |
| Touch Screen:                                                                                                                                                    | No                     |
| Date Available On Market:                                                                                                                                        | 2024-09-03             |
| Date Certified:                                                                                                                                                  | 2024-12-05             |
