

# ENERGY STAR CERTIFIED Computers

## LG - 11TC50Q : 11TC50Q

### Specifications

|                                                       |                                                   |
|-------------------------------------------------------|---------------------------------------------------|
| ENERGY STAR Unique ID:                                | 2408196                                           |
| Brand Name:                                           | LG                                                |
| Model Name:                                           | 11TC50Q                                           |
| Model Number:                                         | 11TC50Q                                           |
| Type:                                                 | Notebook                                          |
| Category 1: Processor Brand:                          | Intel                                             |
| Category 1: Base Processor Speed Per Core (GHz):      | 1.1                                               |
| Category 1: Physical CPU Cores (count):               | 4                                                 |
| Category 1: System Memory (GB):                       | 8                                                 |
| Category 1: Default Low-power Mode:                   | Sleep Mode                                        |
| Category 1: Long Idle Power Used for Sleep Mode:      | No                                                |
| Category 1: Off Mode (watts):                         | 0.3                                               |
| Category 1: Sleep Mode (watts):                       | 0.4                                               |
| Category 1: Long Idle (watts):                        | 1.8                                               |
| Category 1: Short Idle (watts):                       | 3.4                                               |
| Category 1: Base TEC Allowance (kWh):                 | 8                                                 |
| Category 1: Functional Adder Allowances (kWh):        | 9.8                                               |
| Category 1: TEC of Model (kWh):                       | 12.8                                              |
| Category 1: Operating System Name:                    | Chrome                                            |
| Sleep Mode Default Time Upon Shipment (min.):         | 9                                                 |
| Display Sleep Mode Default Time Upon Shipment (min.): | 8                                                 |
| Ethernet Capability:                                  | No                                                |
| Touch Screen:                                         | No                                                |
| Date Available On Market:                             | 2023-03-27                                        |
| Date Certified:                                       | 2023-02-15                                        |
| Markets:                                              | United States, Switzerland, Taiwan, Japan, Canada |
| ENERGY STAR Certified:                                | Yes                                               |

# Additional Model Information

11TC50Q\*-,11TC50Q\*-, ( The "\*" can be 0-9, A-Z, a-z or blank for the marketing purpose)
