

Midea - Dehumidifiers : MDUDA-50AEN8-BB0F

Specifications

|                                                             |                              |
|-------------------------------------------------------------|------------------------------|
| ENERGY STAR Unique ID:                                      | 4437366                      |
| Annual Energy Consumption (kWh/year):                       | 512                          |
| Brand Name:                                                 | Midea                        |
| Connected Capable:                                          | No                           |
| Model Name:                                                 | Dehumidifiers                |
| Refrigerant with GWP:                                       | HFC-32 (GWP:675   Lower GWP) |
| Model Number:                                               | MDUDA-50AEN8-BB0F            |
| Dehumidifier Type:                                          | Portable Dehumidifier        |
| Dehumidifier Water Removal Capacity (pints/day):            | 49.95                        |
| Dehumidifier Efficiency (Integrated Energy Factor - L/kWh): | 2.01                         |
| Date Available on Market:                                   | 2025-06-10                   |
| Markets:                                                    | United States, Canada        |
| ENERGY STAR Certified:                                      | Yes                          |
| ENERGY STAR Most Efficient:                                 | No                           |
