

# ENERGY STAR CERTIFIED Displays

## DELL - E2020H : E2020Hb

### Specifications

|                                                         |                                                   |
|---------------------------------------------------------|---------------------------------------------------|
| ENERGY STAR Unique ID:                                  | 2346783                                           |
| Brand Name:                                             | DELL                                              |
| Model Name:                                             | E2020H                                            |
| Model Number:                                           | E2020Hb                                           |
| Product Type:                                           | Monitor                                           |
| Panel Type:                                             | TN LCD                                            |
| Screen Size (inches):                                   | 19.5                                              |
| Screen Area (square inches):                            | 160.54                                            |
| Native Resolution (pixels):                             | 1600 x 900                                        |
| Maximum Luminance (candelas per square meter):          | 250.0                                             |
| Total Native Resolution (megapixels):                   | 1.4                                               |
| Model Features:                                         | None                                              |
| Signal or Data Interfaces:                              | VGA,Display                                       |
| Power Source:                                           | Ac to dc internal power supply                    |
| Monitor Total Energy Consumption at 115 Volts (kWh/yr): | 26.6                                              |
| On Mode Power (watts):                                  | 8.4                                               |
| Markets:                                                | United States, Switzerland, Taiwan, Japan, Canada |
| Sleep Mode Power (watts):                               | 0.1                                               |
| Off Mode Power (watts):                                 | 0.1                                               |
| Tiled Display System:                                   | No                                                |
| ENERGY STAR Certified:                                  | Yes                                               |
| ENERGY STAR Most Efficient:                             | No                                                |
