

ENERGY STAR CERTIFIED

# Large Network Equipment

## Extreme - Universal Edge/Aggregation Switch Platform : 5520-12MW-36W

### Specifications

|                                                       |                                            |
|-------------------------------------------------------|--------------------------------------------|
| ENERGY STAR Unique ID:                                | 4175407                                    |
| Brand Name:                                           | Extreme                                    |
| Model Name:                                           | Universal Edge/Aggregation Switch Platform |
| Model Number:                                         | 5520-12MW-36W                              |
| Product Type:                                         | Switch                                     |
| Product Classification:                               | Fixed                                      |
| Product Characteristics:                              | Stackable,Processor Managed                |
| Typ Power Config Number of Downlink Ports:            | 48                                         |
| Typ Power Config Speed of Downlink Ports:             | 5                                          |
| Typ Power Config Downlink Port Type:                  | LAN                                        |
| Typ Power Config Number of Uplink Ports:              | 8                                          |
| Typ Power Config Speed of Uplink Ports:               | 25                                         |
| Typ Power Config Uplink Port Type:                    | SFP                                        |
| Typ Power Config Total Number of PoE Ports Supported: | 48                                         |
| Typ Power Config Max Total PoE Power Supported (W):   | 90                                         |
| Markets:                                              | United States, Canada                      |
| ENERGY STAR Certified:                                | Yes                                        |
